| **History**           | • Time can be shown graphically on calendars and timelines  
                       | • Change over time can be shown with artifacts, maps, and photographs.  
                       | • Biographies can show how peoples’ actions have shaped the world in which we live. |
| **Spatial Thinking and Skills** | **Places and Regions**  
                       | **Human Systems**  
                       | **This topic is not covered in the Visit with the McKinleys program.**  
                       | **This topic is not covered in the Visit with the McKinleys program.**  
                       | **This topic is not covered in the Visit with the McKinleys program.**  
                       |
| **Government**        | • Personal accountability includes making responsible choices, taking responsibility for personal actions and respecting others.  
                       | • Groups are accountable for choices they make and actions they take.  
                       | • There are different rules that govern behavior in different settings. |
| **Economic Decision Making and Skills** | **Scarcity**  
                       | **Production and Consumption**  
                       | **Markets**  
                       | **Financial Literacy**
