## **McKinley Presidential Library & Museum Announced New Membership Benefits**

Canton, OH... The McKinley Presidential Library & Museum recently unveiled a series of new membership benefits.

“Our membership program provides significant support to our organization,” said Executive Director Kim Kenney. “A museum membership was already a great value, but with these increased benefits, it is an even greater value. Becoming a members is one of the best ways someone can support our educational mission to preserve and share the history of President William McKinley and Stark County.”

The McKinley Presidential Library & Museum has joined the Time Travelers Reciprocal Program. With a membership card, museum members will receive free or reduced admission, as well as other benefits, at over 300 history museums around the country. Visit <https://timetravelers.mohistory.org> for more information and a list of participating institutions. The museum is still a member of the Association of Science & Technology Centers, which provides members with reciprocal benefits at more than 250 science centers across the country and around the world.

All membership levels will now receive a 10% discount on building rentals, including the Schoolhouse, the Auditorium, or the entire building. “We hope you will think of us when you want a unique venue for a wedding reception, holiday party, or team building event for your business,” said Kenney. For more information, contact Special Events Coordinator Carol Paris.

Members will also receive a 10% discount on photograph reproductions from the Ramsayer Research Library. Current rates are \$10.00 for a digital copy (JPEG 300 dpi for personal use only) and \$35.00 for an 8x10 print. Additional usage fees may apply. For more information, contact Archivist Mark Holland.

The Museum is located at 800 McKinley Monument Dr NW in Canton.
