March 26, 2020

McKinley Monument and Grounds REMAIN CLOSED

Canton, Ohio... The McKinley Presidential Library & Museum, McKinley National Memorial, and its grounds remain CLOSED during the COVID-19 crisis. Crowds should not gather on the grounds during this time.

“Although Governor DeWine has encouraged people to get outside as individuals, it is still imperative that people refrain from gathering in large groups, even outside,” said Executive Director Kim Kenney. “I have received reports of people on our grounds who are not observing safe social distancing. This is how the virus spreads. As our government officials have repeatedly told us, the virus cannot spread by itself. It needs us to do that. So I encourage everyone to stop gathering at the McKinley National Memorial.”
